

**LED POP-OUT COMBO BOW LIGHT**  
400054-3

- A simple twist of the cap allows the lights to pop up when they are ready to use. Push the cap down, twist to lock, and the light disappears into the mounting surface
- Aurora light turns on when raised, turns off when pushed down and latched
- Aurora light provides 500 lumens of warm white 3000°K light
- Pop-up navigation light is approved for USCG 2 NM (Colregs 2 mile)
- Caps and bezels are investment cast 316 stainless steel
- Both lights are IP67 waterproof with drain tubes
- Aurora light can be used with the LED Touch Dimmer (No On/Off) 403061-1
